

Mateusz Woźniak

Software developer

I have been interested in programming since I can remember. I've been running my own projects since 2016, sometimes doing software for companies. I want to develop skills in machine learning and cloud computing.

Work experience

Edunails.com

Oct 2020 - May 2022

Designing backend services for online learning platform (beaty, nailing courses). Developing ASP.NET Core APIs, DevOps based on Kubernetes, Jenkins Pipelines, Github Actions. Managing microservices written in Go. Used by thousands of users.

Flight planner for aviation club

May 2021 - now

Full-stack development of aircraft reservation software for aviation club in Jasionka, Poland. Website written in Laravel (PHP) and Tailwind.css. Deployed onto Linux server. Used by ~200 pilots.

E-Learning platform for pilots

Jan 2022 - now

Development of an e-learning platform for pilots candidates allowing them to learn the theory required to get a pilot license. Backend service written in Laravel, frontend service implemented in Vue. The platform includes an examination system, compatible with Polish Civil Aviation Authority standards.

MongoGrip (iOS)

May 2022 - now

Powerful client app for managing MongoDB databases from your phone. Implemented in Flutter, available in AppStore.

Education & Learning

AGH University of Science and Technology

Computer Science and Intelligent Systems,
2021 - now

Liceum Ogólnokształcące im. Jana Pawła II w Rzeszowie

Information technology course
2018 - 2021

Data Science course under AGH scholarship

Covered data exploration and selected
machine learning topics
Mar 2022 - Jun 2022

Jagiellonian Olympic Workshops

Series of lectures covering mathematical and
computer science topics, mainly algorithmics
Oct 2018 - May 2022

Skills

Known technologies

- Laravel (PHP)
- ASP.NET Core (C#)
- Go
- Docker, Kubernetes, Jenkins Pipelines
- Git
- Vue (JavaScript)
- Flutter (Dart)
- SQL (MySQL/Postgres) and NoSQL (MongoDB)
- Wordpress

Languages

- English - B2/C1
- Polish - native
